The Media For Development Initiative: Management Board Membership Call

The PNG Media for Development Initiative (MDI) is a 5-year initiative funded under the Australia-PNG Aid Program. The strategy of supporting the improvement of media voice, content and access to assist in achieving the development goals of poverty reduction and good governance underpins the design of the MDI. The goal of the MDI is to support an open and democratic media that gives voice to all Papua New Guinea citizens, provides nationwide access to information and culture, and delivers development content for the benefit of the people. Its purpose is to increase the provision of quality media services that contribute to Papua New Guinea's stability and prosperity.

The first component will support activities in specified target areas to address problems of access, content and voice through a flexible and contestable funding mechanism. Media-related organisations and NGOs will be encouraged to submit proposals for projects in the target areas. The second component is focused on the NBC and strengthening that organisation's capacity as the national public broadcaster by building upon an existing partnership with the ABC.

The Media Council of PNG is the Managing Agent for the MDI and an Executive Director and Implementation Group will be responsible for the day-to-day operation of the MDI.

The management structure of the MDI comprises: a Charter Group, comprising AusAID, DNPRD and the Media Council as Charter Partners, which will provide high-level supervision in accordance with the MDI Charter; a Management Board, comprising the PNG Media Council (Chair), other Charter Partner representatives, the NBC and representatives from government, the media and civil society. The Management Board will be responsible for: developing the specific direction of the MDI; overseeing the preparation of the Annual Activity Plan and Budget for Component 1; providing feedback on directions set for the Annual Activity Plan for Component 2; assessing and approving proposals for assistance submitted by NGOs and media organisations; ensuring financial accountability; ensuring the development of performance indicators, measurement protocols and quality standards and; assessing performance of MDI activities.

The MDI is seeking nominations from Media Related and Civil Society organizations to fill four positions on its Management Board. The MDI charter specifies that two of the positions to be filled by media-related organizations while the other two by civil society representatives. All things being equal, organizations are encouraged to give special representative opportunities to women and other disadvantaged groups.

Contenders may contact the MDI Executive Director using the following address: Post Office Box 135, Port Moresby, NCD, Tel: 3200419 or 3200420 or Fax: 3210336; or e-mail mediacouncil@online.net.pg or martinsyder@datec.com.pg

Nominations close 20 July 2005.
