PUBLIC NOTICE

2011 NEB MAXIMUM SCHOOL FEE LIMITS

This notice explains the 2011 Maximum School Fees set by the National Education Board (NEB).

MAXIMUM SCHOOL FEE LIMITS FOR 2011

The NEB has decided that the Maximum School Fee Limits for 2011 will remain the same as for 2010 for all institutions. The NEB made the decision based on the outcomes of the latest survey "Parental School Fees Affordability Study" (2009) which ascertained various hardships parents were experiencing living beyond their means. The NEB sets maximum school fee limits in order to guide provincial education authorities and Department of Education Divisions to set realistic fees. The 2011 school fee limits take into account the rise in the prices of goods and services, the effects of inflation and also the need to keep the cost to parents as low as possible, but at the same time provide schools and colleges with sufficient funds for their operational costs.

This decision applies to national institutions (including institutions in the National Capital District) and provincial institutions in provinces where a current Provincial Education Act is not applicable. Tables (a), (b) and (c) below, show the maximum fee limits.
