### Product Overview

Telikom's Asymmetric Digital Subscriber Line (ADSL) WIFI service is a data communications technology that enables faster data transmission over copper telephone lines than a conventional voice band modem can provide. Telikom's ADSL WIFI service comes in both Pre-paid, Internet prepaid rate is 29t per MB all day and all night.

### Benefits of ADSL:

- More than 3.5 times greater and up to 35 times faster than Dialup Internet connection
- Always on service.
- Have broadband Internet connection over existing telephone line.
- Can use both Internet & telephone at the same time in one phone line
- Download/Upload speed up to 4 Mega bits per second. Can be used for any purpose: Web browsing, email, research, online education, chat, VoIP, Video Conference, Video On Demand
- Faster speed and cheaper (in comparison to lease line)
- Share connection with everyone in the office using existing Local Area Network (LAN) or the Wireless Access Point in-built into the ADSL WIFI modem.

### Who can use ADSL?

ADSL is most ideal for all kinds of businesses, government offices, NGOs, clubs, internet Cafes, homes, or small offices that are located within approximately 4 kilometre radius of a telephone exchange.

**How many PCs, Phones, devices can one use over one connection?**  
You can connect to a single user or up to any number of users in the office or home.

### Network Coverage:

The ADSL WIFI service is currently available in Port Moresby (Boroko, Ela Beach, Waigani, Jacksons Airport), Lae, Mt Hagen, Alotau and coming soon to Kimberley and other centres around PNG

### Available ADSL Packages:

Telikom offers this service in both Pre-paid and Postpaid. Postpaid packages available go as low as 11t per MB. This service is available in Port Moresby, Lae, Alotau & Hagen only. Rolling out to other centres shortly.

### ADSL internet rates

Prepaid  
29t per megabyte all day and all night.

**How to apply for the ADSL service.**
