### PUBLIC NOTICE

The Internal Revenue Commission is issuing Remittance Notices to taxpayers where penalty amounts have been assessed for late payments. These notices are distributed at the IRC counter, when taxpayers make payments in person, or are distributed by postal mail or Email for taxpayers making payments through the mail, or using Electronic payments.

Full or partial remission of penalty may be granted where the delay in lodgement or payment occurred due to circumstances beyond the control of the taxpayer. A taxpayer will need to demonstrate that it is fair and reasonable to remit the penalty, having regard to the nature of the specific event(s) or decision that prevented lodgement or payment.

For example, general statements such as adverse business conditions affecting an industry, general economic conditions, fluctuations of currency exchange rates, or geographic location within PNG, would not be considered a basis for remission.

A more compelling argument for remission might be fire, flood, or other natural disaster that disrupts business activity for a taxpayer, and prevented them from temporarily meeting their tax payment obligations.

Should a taxpayer receiving such a Remittance Notice wish to apply for remission of penalty, they should apply in writing for remission to the Commissioner-General. A taxpayer may send such a request by Email at the following address: [Remissions@irc.gov.pg](mailto:Remissions@irc.gov.pg)

Further information related to penalty remission, tax forms, and general taxation information can be obtained and downloaded at [www.irc.gov.pg](http://www.irc.gov.pg)
