Letter of acknowledgement from Tambul-Neblyer students in PNG and Overseas to Gabriel Andandi – Candidate for Tambul-Neblyer Open Seat 2017

On behalf of all Tambul-Neblyer students attending PNG University of Technology, Polytechnic, Balop Teachers College, Lae Nursing College and other tertiary institutions in PNG and overseas, we would like to pass our appreciation and gratitude to Mr. Gabriel Andandi for paying our school fees this year, a unique and innovative task that eases the burden felt by our financially poor parents and guardians.

As President and Executives of Tambul-Neblyer students attending UNITECH we acknowledge that Mr. Gabriel Andandi's "Tambul-Neblyer Tertiary Students School Fee Initiative", is God-sent and much appreciated as a great investment and incredible idea.

We regard Mr. Andandi as the leader with vision for the future Human Resources Development after valuing human resource for Tambul-Neblyer as a fundamental factor for the growth and development of our district and country.

Unlike other regions and provinces that receive school fee assistances from their MP's and provincial governments, Tambul-Neblyer students, past and present, have been neglected since the country's independence when Human Resources development through education remains the ONLY option and benefit for the district as Tambul-Neblyer is one of the poor districts in the country.

Mr. Andandi has the dream and wisdom and initiated to assist Tambul-Neblyer students since 1997 and his products are now influential professionals in various fields in the country. Mr. Andandi allocated half a million Kina this year for Tambul-Neblyer students which have relieved our poor parents tremendously. Our parents are literally poor and the little money they make from selling cabbage, potato, sugarcane etc can assist them save up to at least K500 a year. Today, we are required to pay more than K5000 every year in school fees which our poor parents cannot afford.

GABRIEL ANDANDI

"A VISIONARY LEADER TO HAVE AN EDUCATED POPULATION"

AUTHORISED BY TAMBUL NEBLYER STUDENT POPULATION

Mr. Andandi, leader with a vision.

Mr. Gabriel Andandi was God-sent for us and we humbly cry from our hearts and thank him as this is the beginning of tangible transition.

We were ignored since independence by former MPs and provincial governments in paying our fees. But having seen Mr. Andandi's dream to have an educated population in our electorate, it fulfills our dreams and desire as elites for the district. We want to have a peaceful society comprises of educated population. There-

fore, we created history in PNG by endorsing our candidate in Mr. Gabriel Andandi for Tambul-Neblyer Open Seat 2017 and paid his nomination fee. Our initiative is from within our heart for the overall benefit for our electorate and future students and parents.

Our candidate, Mr. Gabriel Andandi meets all the credentials to be a good leader, not only for Tambul-Neblyer but for PNG and the world. He was a former teacher with a BA from University

of Goroka. He later obtained his Masters in Human Resources from Australia. His professional background is very diverse including a United Nations employee for more than a decade where he travelled the world and met with people from all over the world in meetings and conferences. He later held a very senior position with the Education Dept as the Assistance Secretary. He is currently a successful businessman. Our candidate has a vast experience in both private and public sector and a humble family man and community leader in Tambul-Neblyer including his Wambul Village, Lower Kagul district.

Our candidate can talk in Parliament on issues of national and global importance. Our candidate is able to secure financial and capital resources from overseas given his professional experience with diverse network and not only depend on DSIP and PSIP funds which are very limited. That's what makes our candidate outstanding and unique amongst other candidates. So we endorsed and paid his nomination fee to be our leader.

To our parents, relatives and wantoks from Tambul-Neblyer, we respect your constitutional rights to choose a leader of your choice. But we urge you not to choose your wantoks or tribes man/women who lack high standard of leadership caliber. You must follow our action to choose a

good leader who has the dream for our electorate and the country. We the students come from throughout Tambul-Neblyer and different tribes. Our Candidate, Mr. Gabriel Andandi is from Gaulgal Tribe in the Lower Kagul. The reason we endorse and pay his nomination fee is because of his policy to have an educated district and country through education. Mr. Andandi's policy brings us all together.

The potential parents for Tambul-Neblyer who will have their children in school tomorrow must consider their votes as very important. The students doing Primary and High Schools today must ask their parents whether they have the money to send them to universities and colleges tomorrow that will cost them K5,000 and above. Our candidate, Mr. Gabriel Andandi has demonstrated since 1997 and this year with half a million Kina he gave to pay students fees. He will continue but imagine if he is our MP tomorrow!

While we thank our candidate, father and mentor, Mr. Gabriel Andandi in supporting us since 1997, we are privileged to present him to our parents, relatives, wantoks and voters in Tambul-Neblyer to consider him in this election.

We must remember that "positive changes start from individual decisions today".

God bless Tambul-Neblyer & God bless our country.
